Product Description

RedMax Trimmer BCZ260TS

The core of the Red Max Commercial trimmer line-up with added torque for extreme conditions. The BCZ260TS is a powerful 1.27 horsepower trimmer that only weighs 10.8 pounds. The Strato-Charged engine provides up to 20% better fuel economy while increasing torque over a wider RPM range. The steel drive shaft will hold up to the most demanding conditions the commercial landscaper needs to overcome.

Key Features of the RedMax BCZ260TS Trimmer

- **1.27 HP Strato-Charged Engine** - Best for high-performance trimming with up to 20% better fuel economy.
- **Lightweight 10.8 lbs Design** - Ideal for reduced operator fatigue during extended commercial use.
- **Steel Drive Shaft** - Perfect for durability and handling extreme conditions in professional landscaping.
- **Added Torque** - Best for cutting thick or tough vegetation with consistent performance.
- **Commercial-Grade Construction** - Great for long-lasting reliability in daily landscaping tasks.

Best Uses

- **Commercial Landscaping** - Ideal for professional landscapers maintaining large properties.
- **Heavy-Duty Vegetation Control** - Perfect for overgrown areas, thick grass, and brush.
- **Residential Lawn Maintenance** - Great for precise trimming around flower beds, fences, and obstacles.

Why the RedMax BCZ260TS Trimmer is a Smart Choice
