Product Description

Scag Cheetah II

OUTCLASS. OUTPERFORM. OUTRUN.

In your world, it pays to become more swift, agile and powerful. Make it a reality with the quick and precise Cheetah II™, a machine that devours jobs at a pace you've only dreamed of while delivering an unmatched quality-of-cut and incredibly smooth ride. With the Cheetah II, you'll never be caught from behind.

Features:

Speeds Up To 16 MPH!

Two-speed ZT-5400 transaxle lets you choose either Low Range to travel up to 12 mph or High Range for up to 16 mph. Internal 16 cc pumps and 21 cc motors help provide speed, power and torque. The transaxle's design greatly reduces hoses and possible leak points.

Tiger Eye Advanced Monitoring System

Depending on the mower model and engine selection, the Tiger Eye™ Advanced Monitoring System monitors a wide variety of systems in real-time, giving you valuable information in just a glance, right from the operator's seat.

Huge Power, Up To 40 HP

Choose from a variety of proven V-twin engine options with huge horsepower to help you get the job done.

Unparalleled Comfort

With five settings from soft to firm, the Operator Suspension System isolates the operator from the effects of rough terrain, providing unmatched comfort without sacrificing quality-of-cut. A coil-over shock provides effective suspension action right where it's needed, and only where it's needed. The seat's 4-point, rubber iso-mounting provides even more shock absorption, maximizing your comfort, hour after hour.

Warranty

3 year / 500 hour residential warranty

2 year commercial warranty
