Product Description

Scag 61" V-Ride II Stand-On Mower Kawasaki EFI

Featuring a comfortable operator platform with first-class suspension that minimizes fatigue, the V-Ride II™ delivers a natural, intuitive, and smooth-riding position the entire day. With unrivaled performance, stability, and durability, this machine helps keep you in tip-top condition to get the job done day after day, year after year.

Key Features

- **38.5 HP Kawasaki® FX1000 EFI Engine** - Powerful, fuel-efficient engine with electronic fuel injection for smooth and consistent performance.
- **61" Velocity Plus Deck** - Provides superior cutting quality with excellent airflow and debris discharge.
- **Stand-On Operator Platform** - Comfortable design with first-class suspension reduces fatigue during long mowing sessions.
- **Commercial-Grade Durability** - Built for heavy-duty use in landscaping and commercial applications.
- **Stable and Intuitive Operation** - Ergonomic platform offers natural, easy-to-control riding position.
- **2025 Model Year** - Modern design with updated features for enhanced efficiency and comfort.

Best Uses for the Scag V-Ride II 61"

- Commercial landscaping and lawn maintenance
- Large properties requiring efficient and precise mowing
- Areas with obstacles or tight spaces benefiting from stand-on maneuverability

- Professional contractors needing reliable, long-lasting equipment
- High-volume mowing operations with long-duration usage
- Users seeking stability, comfort, and top-tier cut quality

Professional Performance with Comfort and Efficiency

The Scag 61" V-Ride II Stand-On Mower delivers unmatched performance, durability, and operator comfort. With its powerful Kawasaki® FX1000 EFI engine, 61" Velocity Plus deck, and stand-on platform with suspension, this mower handles large commercial properties with ease while reducing operator fatigue. Hydrostatic drive ensures precise control and superior maneuverability. [Contact us or shop now](#) to elevate your commercial mowing experience!
